Gold Bond® BRAND

High Strength
Family Of Products
With High-Quality Products And Resources

Founded in 1925, National Gypsum is one of the world’s largest producers of quality building products. For nearly a century, customers like you have looked to us for the best products, service and technical support. With a focus on sustainability, we strive to bring you the finest in construction products, education and resources to meet and exceed your expectations.

With Technical Support You Can Count On

Tap into technical support with a call to 1-800-NATIONAL®, place an order through our award-winning customer service center, or find the answers you want on our online Design Center, where the doors are always open. Our multi-pronged approach to technical support and customer service has one central focus: Helping you design and build better.
With Design That Considers The Environment

Together, we can attain the highest level of ecological responsibility and resource-efficient technology. National Gypsum is committed to developing and implementing sustainable green building policies, standards and practices. Beyond offering products that can help contribute to healthier environments and have achieved GREENGUARD Certification for indoor air quality, we can help you meet the criteria for green programs and LEED® credits.
Gold Bond® brand High Strength Family Of Products

When you need a gypsum board that is lighter in weight yet substantial, you’ll appreciate our Gold Bond® brand High Strength family of products. Whether your project requires a lightweight board for a fire-rated assembly or a light ceiling board that provides a solid strength-to-weight ratio, you can count on our High Strength products to help you build better. The specialty boards in this line are easier to handle, sag-resistant, and encased in 100-percent recycled paper. Most products have a heavy, natural finish. They all feature GridMarX® guide marks, our preprinted fastening guide that allows for faster and more accurate installation. They have also achieved GREENGUARD Gold Certification for low chemical emissions into indoor air during product usage.

Select The Right High Strength Products For Your Projects

Gold Bond® brand High Strength LITE® Gypsum Board
- For interior, non-fire-rated walls and ceilings
- 25% lighter than standard gypsum board
- Provides excellent sag resistance

Gold Bond® brand High Strength Fire-Shield 60™ Gypsum Board
- For interior, fire-rated walls and ceilings
- Features a Type X fire-resistive gypsum core
- 20% lighter than standard Type X gypsum board

Gold Bond® brand High Strength Fire-Shield 30™ Gypsum Board
- For interior, 30-minute fire-rated and 1-hour fire-rated wall applications or non-rated ceiling applications
- Features a fire-resistant, non-Type X gypsum core
- 30% lighter than standard Type X gypsum board
Gold Bond® BRAND High Strength LITE® Gypsum Board

Lighten Your Load

Gold Bond® BRAND High Strength LITE® Gypsum Board
Use it for interior, non-fire-rated wall and ceiling applications. Gold Bond® BRAND High Strength LITE® is 25 percent lighter in weight than Gold Bond® BRAND 1/2 in. (12.7 mm) Gypsum Board. This gypsum board provides superior sag resistance.

Installs Fast And Easy
- 25% less weight is easier to handle.
- Scores and snaps easily.
- Edges are tapered, allowing joints to be reinforced.

Offers Excellent Working Properties
- Achieves improved strength-to-weight ratio.
- Stays dimensionally stable under changes in temperature and relative humidity and resists warping, rippling, buckling and sagging.

Resists Sagging
- Sag resistance is equivalent to 5/8” (15.9 mm) Type X Gypsum Board.

Provides Fire Resistance
- Features a fire-resistant, non-Type X core.

1. Specified values per ASTM C1396, tested in accordance with ASTM C473.
2. Tested in accordance with ASTM E136.
3. Tested in accordance with ASTM E84.
4. Please consult your local sales representative for all non-standard lengths and widths. Minimum order requirements may apply.
5. Tested in accordance with ASTM C018.
Gold Bond® BRAND
High Strength Fire-Shield 60™
Gypsum Board

Lightweight And Fire Resistant

Gold Bond® BRAND High Strength Fire-Shield 60™ Gypsum Board
Use it for interior, fire-rated wall and ceiling applications.
Gold Bond® BRAND High Strength Fire-Shield® 60™ features a Type X fire-resistive core for use in laboratory tested, fire-rated assemblies. This gypsum board is 20 percent lighter in weight than standard Type X Gypsum Board.

Provides Fire Resistance
- UL Classified and approved component in specific UL-rated designs*.
- Features a fire-resistant, Type X core.

Installs Fast And Easy
- 20% less weight is easier to handle.
- Cuts easily for quick installation.
- Edges are tapered, allowing joints to be reinforced.

Offers Excellent Working Properties
- Achieves improved strength-to-weight ratio.
- Stays dimensionally stable under changes in temperature and relative humidity and resists warping, rippling, buckling and sagging.

*UL Type FSLX requires the use of fiberglass insulation for single-layer, steel stud UL fire-rated wall assemblies.

LIMITED WARRANTY AND REMEDIES

Products manufactured and sold by National Gypsum Company are warranted by National Gypsum Company to its customers to be free from defects in the materials and workmanship at the time of shipment. This express warranty is the only warranty applicable to such products and is in lieu of and excludes all other express oral or written warranties and all implied warranties, including but not limited to the implied warranties of merchantability and fitness for a particular purpose. National Gypsum Company will not be liable for any incidental or consequential losses, damages or expenses. The customer’s exclusive remedy for any type of claim or action for defective products will be limited to the replacement of the products (in the form originally shipped) or, at National Gypsum Company’s option, to a payment or credit not greater than the original purchase price of the products.

National Gypsum Company will not be liable for products claimed to be defective where the defect resulted from causes not within National Gypsum Company’s control, or which arose or occurred after shipment, including but not limited to accidents, misuse, mishandling, improper installation, contamination or adulteration by other materials or goods, or abnormal conditions of temperature, moisture, dirt or corrosive matter. Any claim that products sold by National Gypsum Company were defective or otherwise did not conform to the contract of sale is waived unless the customer submits it in writing to National Gypsum Company within thirty (30) days from the date the customer discovered or should have discovered the defect or nonconformance. No legal action or proceeding complaining of goods sold by National Gypsum Company may be brought by the customer more than one year after the date the customer discovered or should have discovered the defect or problem of which it complains.
